

Introducing  
**“EDUCATIONAL OUTREACH PROGRAM”**  
from the Consulate-General of Japan in Portland

*DO YOU NEED A SPEAKER TO INTRODUCE  
JAPANESE CULTURE IN YOUR CLASSROOM?*

The Consulate-General of Japan in Portland offers outreach programs for elementary, middle and high schools. We are willing to present classroom activities related to Japan, including videos, Japanese language games and crafts such as origami. If you would like to take advantage of our services, please send a letter of request including 1) the date (and an alternate date if possible), 2) the topics you would like to be covered, 3) estimated attendance and 4) the proposed audience. (For example, one class or an all-school assembly, special event, etc.)

Please note that our outreach program is based on staff availability and some restrictions may apply. One-month advance notice/reservation is strongly recommended.
